

PORT ARTHUR

Is again the Scene of Active Hostilities

COMBINED LAND AND SEA ATTACK

Kuroki and Kuropatkin Will Again
Mix it up Near Mukden.

ATTACK ON PORT ARTHUR

Chefoo, Sept. 20th.—Authoritative information has been received here of a general attack upon Port Arthur by the Japanese forces which began yesterday before daybreak and continued until dark. All indications point to an effort to capture certain of the northeast main forts.

Seoul, Corea, Sept. 20th.—Gen. Harauchi, commander of the Japanese forces in Corea has been recalled to Tokio.

ST. PETERSBURG CONFIRMS THE NEWS.

St. Petersburg, Sept. 20th.—Lieut. Gen. Stoessel, commanding Russian military forces at Port Arthur reports by telegraph that on September 18th the garrison repelled two attacks on the redoubt protecting the waterworks.

JAPANESE WINNING VICTORIES.

Shanghai, Sept. 20th.—The general attack on Port Arthur which began yesterday and in which the Japanese fleet in co-operation was resumed this morning. The Japanese captured two forts on either side of Suizyong north of Port Arthur.

IS THIS A HINT FOR ORLOFF.

St. Petersburg, Sept. 22nd.—The report in circulation in certain quarters that Maj. Gen. Orloff, who has been held to be responsible for Gen. Kuropatkin's retirement from Liao Yang, owing to Orloff's failure to obey his orders, has committed suicide is absolutely denied.

THE PORT ARTHUR ATTACK.

Chefoo, Sept. 21st.—The present attack on Port Arthur is one for which the Japanese have been preparing for the last nineteen days with a slight hope of success. The attack is directed against the northeast forts. The main object is to capture the fortifications on Kikwan mountain, Rihlung mountain and the intermediate forts.

KUROKI AND KUROPATKIN AT IT AGAIN.

Mukden, Sept. 21st.—A battle is imminent. The Japanese are advancing with eight and possibly nine divisions. The crops of tall millet have nearly all been harvested, affording a better field over which to fire on the flat plains. The river Hun is the direct front of the Russian army.

COMBINED LAND AND SEA ATTACK.

Port Arthur is again the centre of interest as regards the war in the far east. A general attack by land and sea is regarded as likely to follow the Japanese assault upon the redoubt protecting the water supply of the fortress and town, and participation of the fleet under Admiral Togo is looked for. In this latter event it is expected that the remnant of the Russian squadron in the Port will sally forth to engage the Japanese ships.

St. Petersburg has heard that the Russian Baltic squadron has been reinforced by four warships, purchased from Argentina.

NEW MALT HOUSE

TO BE ERECTED AT ONCE

By the Edmonton Brewing and Malting Company at the Site of Their Brewery.

Construction work starts tomorrow on the new malt house for the Edmonton Brewing and Malting Co. near the site of their brewery on this flats. It will be a plain brick

structure, 85 ft. by 36 feet, and will consist of two stories. The upper part will consist of malt rooms and the malting plant will be on the first story.

A cold storage building, 60 by 30, will also be erected. The first story to be of brick and the second to be frame. The first story has a height of twelve feet, and will be a cold storage room. The second story will be ten feet high and will be continually filled with ice. The work is to be completed within two months.

Phenay and Batson have the contract for the work. W. H. Gardner has the sub-contract for the frame work.

SPORTS

LACROSSE RECORD

FOR THE EDMONTON TEAM

During the past season. The Boys who Upheld Edmonton's Honor in Our National Game

The lacrosse season is over for this year. Our local lacrosse team played a number of games, during the season, and only lost once. They organized early in the season and although a few turned out to practice, it was some time before the attendance at the practices was such as to assure a successful season. Later in the season, however, the interest in the game grew apace and considerable new material was added to the team.

Strathcona, Edmonton's rival in all lines of sports, also organized early in the season and got down to hard practice.

The first game of the season was arranged to take place in Edmonton on the evening of July 15th. This resulted in a victory for Edmonton by a score of 4 to 3, but very poor lacrosse was exhibited, and rather rough work was indulged in.

The second match took place on August 18th, in Strathcona, in which Edmonton was again victorious by a score of 3 to 2. A much better brand of Canada's national summer game was exhibited, and from this on during the whole of the season the quality of lacrosse played improved very considerably.

The third game was on the evening of August 23rd, when Edmonton defeated Red Deer in Edmonton by a score of 7 to 0. The Red Deer club were making a strong effort to get lacrosse firmly started in central Alberta, and in order to get the Edmonton team to visit their town the boys decided to come north. The game was a good one, but the southern boys showed their lack of team practice.

The next game of the season was played on the evening of September 2nd in Edmonton, in which the local team went down to defeat before Strathcona by a score of 4 to 3.

On September 5th, Labor Day, the local team visited Red Deer, to play the return game with the club there. Edmonton again showed her superiority by defeating the Red Deer team by the score of 8 to 1.

The last lacrosse match of the season took place on the evening of September 15th, when Edmonton and Strathcona, the old rivals, met on Strathcona grounds. The game was good on both sides and at the conclusion of one hour's play the score stood 2 to 2. The game was called with the score a tie.

This makes six games in which Edmonton participated, and her record of only one defeat, and that by a narrow margin, is a good one.

During the last of the season great interest has been taken in the game, and it is hoped and expected that lacrosse in Edmonton next spring will start out on a broad basis, and that Edmonton will send a team into Southern Alberta and Assiniboia to contest the championship of the Territories.

The team, that has been upholding Edmonton's honor during the past season comprised:—

Goal, Harper.
Point, Harvey Pearen.
Cover Point, Garney Morris.
First Defense, Harry Milne.
Second Defense, Dug Maveety.
Third Defense, W. Banford.
Centre, Jim Thom.
Third Home, Stewart Milne (Ma-loney).
Second Home, Ernie Nott.
First Home, Fred Brandt.
Outside Home, Herbie Watkins.
Inside Home, Thompson.
Spare men were Aylmer, Leggett, Jardine and others.

R. Dewar, a good lacrosse sportsman, stayed with the boys throughout the season and refereed most of the games.

THAT GREAT COAL DEPOSIT

The entire Western press has been discussing with more or less interest the purchase by P Burns & Company of Calgary, of the mountain of hard coal in Southern Alberta. The Okotoks Review, in further discussing this in its last issue, says:

It is undoubtedly a fact that this bed of Anthracite coal does exist. The land has been purchased by a rich company, and everything remains with them as to whether it will be developed immediately or not. In the meantime they are not saying much, but the information has leaked out that as soon as the company whip matters into shape the road up to the coal beds will be proceeded with, but until such time as they commence to develop this property there will be nothing doing. It is reported that the company is endeavoring to secure more territory, as the country to the west is one vast stretch of coal lands.

The remarkable statement of the assayers, who report that the coal assayed as high as 92 and none lower than 87 per cent carbon, is striking evidence of the magnificent quality of this bed of Anthracite coal.

The Review was also informed that a number of tunnels have been made at various points and 26 veins of coal exposed. The seams vary in thickness, the first being 10 feet the second 12 feet, while the third tunnel exposed a 30 ft seam. Then follows 40 and 50 foot seams—here the narrator halted in his story and remarked, "but the public will not believe it, there is no use saying a 50 ft seam exists, make it 30 feet it sounds more reasonable." The other veins range from 4 to 16 feet and are all exposed by a drift of 19 feet.

CURING THE FILLER

THE Pharaoh filler I select in Manicaragua—Province of Santa Clara, Cuba, is generally harvested in February.

The plants are cut down at daybreak—allowed to remain until eleven o'clock in the morning—until they are properly wilted—then taken to curing houses for drying.

After they are thoroughly dried they are allowed to become moist through atmospheric humidity and then made into "hands." Four of these hands constitute a carat, eighty carats make a bale.

After allowing it to age for three full years, in order to develop its superb fragrance and aroma, I make it up into "Pharaoh."

That's why there is a taste and odor of genuine tobacco in my Pharaoh Cigar.

CITY COUNCIL MEETS

IN REGULAR SESSION

The By-Law Relating to the Situation of Livery Stables Amended. More Cement Walks.

Edmonton city council met in regular session last evening. Mayor Short, and Councillors Fraser, May, Cushing and Picard were present. The minutes of the last regular meeting were read and adopted.

John McKay & Co. wrote on the matter of city debentures.

U. S. Bolster wrote regarding the rent of that portion of Namayo avenue south of Jasper avenue, the site of the old water tank. Twenty-one feet of road were asked for, which leaves a lane of twelve feet. He asked for a lease for ten years. The request was refused. Councillor Fraser alone voting for the motion.

Chief of Police Dean asked for four suits of uniform for the police and instead of waterproof coats, which have been granted but not procured, three pea jackets be provided. This request was referred to the license and police committee, with power to act.

D. R. Fraser & Company asked for permission to erect a sign over the sidewalk at their town lumber yard. The request was granted.

W. A. McKenzie asked that the town amend the fire by-law to permit of his building a livery stable on Fourth street south of Jasper avenue, on lots 81, 82, block 4, H.B. R. The request was refused.

The general hospital were given two weeks to remove the nuisance arising from the hospital cess pool. A full report of the council's proceedings with regard to this will appear in to-morrow's Bulletin.

A petition was read from W. J. Walker, McDougall & Secord, D. W. Donald, and about forty others, asking that the Council do not permit of the erection of a livery, boarding, and feed stable on lots 51 and 52, river lot 8, immediately north of the market. The petition declared that the stable at this point would be a public nuisance and would tend to depreciate the value of the adjoining property. The petitioners were instructed to be informed that in the opinion of the council this site was a very proper one for a livery stable. C. W. Sutter was present, and spoke strongly in favor of the petition. The motion was carried. Fraser, May and Picard voting in favor of it.

Councillor Cushing reported in the matter of the remission of the taxes on the Alberta college property. He recommended a remission of the taxes on four acres of land, there being six acres in the property. The report was adopted.

A petition for a sidewalk on Kinsiston avenue from Sixth to Eighth street was extended to read to Ninth street.

Reports: A large number of reports were received.

The city engineer reported a progress estimate on the municipal works, having been contracted for and now being constructed by W. H. Gardner.

A further report was received from the engineer re the cost of building an 8 by 12 addition to the present market square office, and of installing waterworks. He was instructed to proceed with the work and to secure tenders for the same.

The disposal of the small house formerly occupied by the power house engineer, has come before the council on several occasions. The question of moving it on to the street was discussed. A tender of \$20 for doing this was received. After some discussion it was decided to refer the matter to the fire water and light committee, with power to act.

The engineer put in a bill of \$70 to be charged against Dobson, Jackson & Fry, for filling the holes caused by the settling of the ground when the waterworks and sewers had been installed, under Dobson, Jackson & Fry's contract. This was referred to the engineer and solicitor to be dealt with.

A petition for a sidewalk along the west side of Seventh street, from Jasper to Victoria avenues, was received and read. The petition has the proper majority of signatures, but they scarcely represent the necessary value of land. J. C. F. Bown stands out against the petition, refusing to sign. It was referred back to get another signature and the secretary was instructed to advertise the city's intention of proceeding with the work.

A petition for the grading of Twelfth street lacked one signer. It was referred back to have this signature obtained. The town will construct the approach to the sidewalk at the head of the street on the Jasper avenue side.

A petition for a sidewalk on Fraser avenue from Sixth to Eighth street was referred back to get the necessary signatures.

The Windsor Hotel asked that a cement sidewalk be laid along the hotel front on Jasper avenue and First street, as a local improvement. This was granted, the work to proceed as soon as possible.

An extension of the waterworks and sewerage system along Elizabeth street from Queen's avenue to McDougall street was asked for. J. B. Lubbock, whose livery stable about to be erected, will be sewered, will guarantee sufficient revenue to warrant this. The work will be proceeded with in regular order.

By-laws:

By-law No. 283, to amend 265, to provide for the erection of a building such as a livery stable on the south half of the block immediately north of the market was given its three readings and was finally passed.

By-law No. 284, authorizing the Mayor and secretary-treasurer to borrow from the Imperial Bank \$20,000 at 6 per cent., by way of a temporary loan, for straightening Jasper avenue, was given its three readings and was finally passed. The finance committee with the Mayor and city solicitor, were appointed to deal with the carrying on of arrangements preparatory to the extension and straightening of Jasper avenue.

The question of the over-flowing of the water tank came up for discussion. The council considered that the most urgent steps should be taken to prevent this, and thought it was due to carelessness on the part of the pumping engineer. The secretary-treasurer was instructed to inform him that this overflowing of the tank must be stopped forthwith and that a repetition of it would be followed by dismissal or the imposition of a fine. In this connection the placing of insurance on the water tower was discussed. During the winter the tower is heated, and there is said to be danger of fire. The secretary-treasurer was instructed to have the building insured.

It was decided to instruct the police to rigidly enforce the pound bylaw. The finance report was adopted, and the meeting adjourned to meet this afternoon at three o'clock in committee of the whole, to discuss the city charter.

FALL RIFLE MATCHES

PROVING SUCCESSFUL

A Good Attendance of Riflemen, and Everything Going Merrily. The Winners.

The fall matches of the combined Edmonton and Strathcona Associations began yesterday on the Edmonton range with an attendance of thirty-six marksmen, sixteen of whom were members of the Edmonton Association and the remaining twenty of the Strathcona Association, there being no outsiders although these were fully expected.

The matches however in spite of the absence of outside riflemen, proved very close and interesting, with many ties.

The Nursery and Association matches of the combined association were completed yesterday having been shot concurrently, the scores at 200 and 500 yds. made in the Association match forming the Nursery scores.

The light proved very puzzling through the greater part of the day and kept the most expert marksmen guessing, which accounts for the comparatively low scores.

The weather was fine, however, and everything passed off promptly and pleasantly without a hitch to mar the thorough enjoyment of the day by all who took part.

All went home tired and happy and determined to be on hand promptly at 9 a. m. this morning, ready to make the winners work hard to-day to hold their laurels.

A gratifying feature is the great number of new men—both young and middle aged—who have only lately taken to rifle shooting and are already making the older shots hustle to keep their leadership, showing that the assistance given to rifle associations by the Militia Department is bearing abundant fruit.

We bespeak for our local association the more hearty sympathy of our fellow citizens, especially our merchants and other employers of labor, who might arrange for permitting the young men in their employ who wish to join these associations to have alternate Wednesday afternoons through the summer months, if a Wednesday afternoon half-holiday be not within the possibilities.

The Nursery match was shot first yesterday, F. A. Osborne winning the Territorial Rifle Association's silver medal as well as a cash prize of five dollars in the Edmonton association. E. A. Knapp won the silver medal and a cash prize of four dollars of the Strathcona association.

In the Association match, S. S. Brown Edmonton, won the silver cup and W. L. Gibbard the shield. E. A. Knapp, Strathcona, won the silverware presented by A. C. Rutherford, M. L. A.

The All Comers' match, 10 shots at 500 and 600 yds. is being shot to-day, Wednesday, 21st, and one or two extra series matches at the same ranges, all on the Edmonton range adjoining Andron's brickyard, on the south side of the river.

The long range matches completing the Grand Aggregate will be shot on the Strathcona range to-morrow, Thursday, 22nd inst., at 9 a. m.

The public is welcome to the ranges. A full report of the shooting up to date will appear in to-morrow's Bulletin.

FOUND DEAD

WELL KNOWN GUIDE

Was Found Dead Twenty Miles West of Lac St Anne yesterday. Few Particulars available.

W. P. Taylor, well known as the best guide and traveller in the country lying between Edmonton and the mountains, including the Peace river, was found dead yesterday about twenty miles west of Lake St. Anne. He had left Lake St. Anne on Friday, the 16th, four days before to ride to the Grand Trunk survey party now working northwest of the lake. When found the body was nearly stripped of clothing, and his rifle was found at a considerable distance from the body. The particulars received so far are very meagre.

Dr. Braithwaite leaves to-day to hold an inquest.

W. F. Taylor was the son of late Thos. Taylor, who was an officer in the Hudson's Bay Co. for many years, and was in charge of the Hudson's Bay Co.'s at Lake St. Anne until shortly before his death. His mother and two married sisters still live near Lake St. Anne. E. Taylor, manager of the Hudson's Bay stores in Winnipeg, is a brother.

GRADING AT VEGREVILLE THIS FALL

R. Dinwoodie was in town Monday from Dinwoodie post office, east of Vegreville. Harvest is over in that locality and some stacking has been done. There has been no frost yet, and potato tops are still green. The C.N.R. graders are at work at H. Bowtell's, 30 miles east of Dinwoodie. It is expected that the grading will be completed or nearly completed to Vegreville this fall.

FIRE AT STAR

E. A. Holmes' general store at Star was burned to the ground with its contents on Friday morning last. The Government telegraph office, which adjoined, was also burned, and communication was interrupted for a time. The origin of the fire is unknown. Mr. Holmes and family lived in the building and barely escaped with their lives. He had very little insurance.

Auction Sale

Under the Ordinance respecting Keepers of Livery, Boarding and Sale Stables

Monday, Oct. 10

1904 at the Alberta Hotel in Morinville at 2 o'clock p. m. of the

STALLION DAGONNEAU

TO THE KNIGHTS OF THE MACCABEES OF EDMONTON

Learning that you are laying plans for increasing your membership and possibly outdoing the order of the Ladies of the Maccabees, We Herewith Challenge you, Sir Knights, to a friendly contest for new members admitted to our respective orders before Jan 1st, 1905. The losing order to banquet the winners at an early date after the new year.

Signed: Mary T. Hodge, Lady Commander; Laura H. Munson, Records Keeper; Edmonton Hive, L.O.T. M., Sept. 14th, 1904.

NOTICE.

The ladies of the Maccabees are doing well, and we are glad. If they can have a prosperous hive, we can have a prosperous tent, to that end Knights of the Maccabees, from whatsoever locality, are urgently invited to meet at Sandison's Hall, Thursday evening, Sept. 15th, to lay plans.

AMOS DESILETS, Past Commander Red Mountain Tent, No. 4, Roseland, B. C.

Dissolution of Partnership

NOTICE is hereby given that the partnership heretofore subsisting between the undersigned John A. Appleby and M. J. Fitzgerald, both of the town of Edmonton, Alberta, as undertakers, has this day been dissolved by mutual consent.

All debts owing to the said partnership are to be paid to John A. Appleby at Edmonton aforesaid, and all claims against the said partnership are to be presented to the said John A. Appleby, by whom the same will be settled.

Dated at Edmonton this thirtieth day of August, A.D. 1904.

J. A. APPLEBY.

M. J. FITZGERALD.

TELEGRAPHIC

LORD DUNDONALD

WANTED A RADICAL CHANGE

In the Militia Act, Preferred Militarism is Prevailing in Europe

Bulletin Special Dispatch.
Ottawa, Sept. 21st.—Certain changes in the old Canadian militia act, recommended by Lord Dundonald to the Minister of Militia, early last year were made public, to-day, and created an unpleasant feeling as they suggest on his Lordship's part, a desire to introduce militarism into Canada as it prevails in Europe. Dundonald objected to the term "militia" throughout the act, and changed it to "army." Other changes were in the direction of rendering the military service obligatory, and the youth of the country between ages of fourteen and eighteen would require to be drilled. He proposed abolition of schools and a permanent force of about 900 men, and create instead a permanent body of five thousand men. He proposed that an officer of rank not less than major-general should hold command with local rank of Lieutenant-general and pay, such as in the same rank in the regular army.
The Dundonald recommendations, which have remained a departmental secret until now were not adopted, and His Lordship had no part in framing the new Militia act.

PRINCE WILL CONTEST

THE SASKATCHEWAN DISTRICT

On the Independent Ticket. Liberals Nominate Lamont of Prince Albert

Bulletin Special Dispatch.
Saskatoon, Sept. 20th.—The Liberal convention was held here today. There were large delegations from Rosthern, Prince Albert and Battleford. Chairman Champagne of the force. Chairman Champagne of the Battleford Liberal Association, with his delegates, refused to sit or take part in meeting their candidate, B. Prince, who will now run independent. Lamont, of Prince Albert, was nominated. Speeches were delivered by Scott and Davis.

FORT WILLIAM NEWS

WORKMAN BADLY INJURED

By Falling From Elevator. Another Large Elevator will be Constructed

Bulletin Special Dispatch.
Fort William, Sept. 21st.—Coleman, a fitter, engaged upon the new C.P.R. elevator working house this afternoon fell from the construction work breaking his right arm and right leg, and seriously injuring his back. He may live.
It is said that the C.P.R. is negotiating for the erection of another elevator of 1,500,000 bushels capacity. The proposed site adjoins that of the new Empire elevator. The foundation will be laid this fall.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, Sept. 21st.
Paul Dunbar, poet, is dying at Dayton, O.
Great Northern liners in future will call at Vancouver.
Serious rioting occurred among the Jews in London on Monday.
Lord Strathcona has donated \$50,000 more to the McGill medicine faculty.
Miss Harmon, principal of a ladies' college in Ottawa, suicided.
"Billy" Matthews, a Manitoba rancher was drowned in Saginaw Bay. A realization of the Tibetan treaty adds greatly to the Russian annoyance.
An unknown man was killed on the C.P.R. track near Rennie station.
The protest against the return of Hush Clarke in Centre Bruce was dismissed.
An Italian was drowned while duck hunting in the Neerby river at Ft. William.
Lord Rosebery, speaking at Lincoln, England criticized Chamberlain's inter-imperial trade policy.
Lord Minto passed through Battleford yesterday, and was given a cordial greeting.
The C.P.R. crop report indicates that the wheat is turning out better than expected, and high yields are reported.
Capt. Adams, of the Hudson's Bay Company, was presented with a farewell address and a gold watch on retiring from the service.

ITALIAN DROWNED

WHILE DUCK SHOOTING

While Standing Up in Boat the Recoil Threw Him Overboard

Bulletin Special Dispatch.
Fort William, Sept. 21st.—While shooting ducks to-day Vittorio Milano, an Italian, fell from a boat and was drowned. As near as can be learned the recoil from the discharge from his gun threw him from the boat.

NO TRACE OF THEM

THE C.P.R. HOLD-UP MEN

Are Likely to have Escaped. Large Reward May Tempt One of the Gang.

Bulletin Special Dispatch.
Vancouver, Sept. 19th.—The police announce that they believe the robbers who held up the C.P.R. transcontinental train last Saturday have made good their escape. Provincial officer Munro returned this morning. He has been working with Provincial Officer Campbell since the robbery in an attempt to trace the highwaymen. He states that he believes the chances of capturing them are now slim, that if they are arrested it will be merely by accident. The only hope now is that the size of the reward will tempt some one of the gang to disclose the whereabouts of his fellow criminals. It is announced to-day by the Province that a proclamation will be issued by the Dominion Government offering a reward of \$5,000 for the capture of the robbers. This will bring the total reward up to \$12,500.

McLeod, Sunnyslope, Alta.
Ten new school districts have been erected, the following one of local interest—
Bolton school district, No. 109 comprising sections 4, 5, 9, 10, 11, 14, 15, 16, 22, 23, the north half of section two and the north half and south-west quarter of section 7, these portions of sections 6, 7, 8, 17, 21, 26, 27, and 28 lying east and south of the Saskatchewan river in township 56, range 21 west of the fourth meridian. Senior trustee, S. Bolton. Fort Saskatchewan.
The following school districts have been empowered to borrow money—
Content district No. 1,003, \$1,000; Treasurer's address, W. A. Fraser, Content, Alta.
East Clover Bar district No. 1,001, \$2,500; Treasurer's address, John Reynolds, Clover Bar, Alta.
Gull Lake district No. 527, \$800; Treasurer's address, S. H. Welch, Lacombe.

Notice is given that an application will be made at the next session of the Legislative Assembly for an ordinance incorporating a company with power to carry on a lumber business in all its branches, with power to utilize and improve the Saskatchewan river from and above the Town of Edmonton for such purposes, and to build and operate electric or other tramways from the company's timber limits west of Edmonton to and along the Saskatchewan river, or to Edmonton or to such other point or points as may hereafter be found desirable, and to carry on other manufacturing business or works.

ELECTRIC LIGHT MATTERS

The power house presents a more than usually busy aspect during the past couple of weeks owing to preparations for the installation of the new electric light machinery. The two large boilers are now being put in as well as the two exciters for the dynamos which arrived yesterday from the Bullock Electric Company of Cincinnati. This company also shipped on September 1st the two alternators, one of 450 k. w. and the other of 225 k. w. These alternators have not reached Edmonton and the Bullock Electric Company have been notified and are tracing them.

During the installation of these alternators, which will take about three weeks, the town will have very poor light as it will be necessary to run the lights on about half the present power used. It was proposed to move the dynamo which will be necessarily idle to Fraser's mill and operate the lights in conjunction with the smaller machine in the power house, from there. At a recent meeting the council went very fully into the matter and decided that such a move would not be lost. All possible despatch will be made with the installation of the machinery so that the period of poor lights will be as short as possible.

THE MARKETS.

September 17th.

Reported by the Edwards Wood Company, Limited, Minneapolis.

WHEAT: There was an absence of bad weather reports except in Manitoba where temperatures were lower and rains general, but it seems the trade had become accustomed to the delayed harvesting conditions and lower cables, and started in to make this a bear day. The liquidation of long wheat was enormous and the market was completely demoralized all day. Minneapolis and Duluth had a few more cars than a year ago; but the quality of the new wheat received is poor, much of it the 45 pound kind, that is worthless for milling and fit only for feed. Millers reduced prices with wheat and caught another lot of flour orders but they cannot get the wheat that will make good flour from the northwest and are filling the south-

west with cash wheat orders. Yesterday's purchases amounted to 200,000 bushels. World's shipments for the week will show a small total and other statistics will be equally as bullish. The decline has already reached considerable export business, equal to 38 loads at New York on Friday. The situation has not changed in the slightest degree. The crop is deficient in both quantity and quality and if wheat is not a purchase on this weak spot, it will be the first time since it left 80c back in July.

OATS: Prices did not change much and the market appeared generally neglected. The east is beginning to look to the west for supplies. First marketings from Ohio, New York and Pennsylvania found a big demand and empty bins, receipts small and out of proportion to the crop said to have been harvested. From this on oats will not decline much but will follow and keep steady. Best operation is that May is worth all of 35c and should be bought at or under that price.

HOCKEY RINK FOR STRATHCONA.

Hockey and skating enthusiasts in Strathcona held a meeting Monday evening to discuss steps to be taken to provide a first class skating and hockey rink for the coming winter. Various prominent citizens were present who assured the promoters of the project of their hearty support. It was finally decided to approach Messrs Walter and Sage and ask them to erect a suitable rink. Should these gentlemen not wish to undertake the project a joint stock company with a capital of \$10,000 will immediately be organized and a first class up-to-date rink will be erected. Strathcona thus starts out well and if responsible parties will keep their shoulder to the wheel and have the rink erected they will have done much for Strathcona and in the interests of hockey in northern Alberta. The Strathcona hockey team deserve the best of encouragement from the towns people as they have proved themselves of the right calibre of many young Canadians and although victory did not rest with them last winter, they were up against a hard proposition in the Edmonton team.

The Canadian Northwest Homestead Regulations

Any even numbered section of Do-
minion Lands in Manitoba or the
Northwest Territories, excepting 8
and 26, which has not been home-
steaded, or reserved to provide wood
lots for settlers, or for other pur-
poses, may be homesteaded upon by
any person who is the sole head of a
family, or any male over 18 years of
age to the extent of one quarter sec-
tion, of 160 acres, more or less.

ENTRY.—Entry may be made per-
form the district in which the land to be
taken is situated, or, if the home-
steader desires, he may, on applica-
tion to the Minister of the Interior,
Ottawa, the Commissioner of Immi-
gration, Winnipeg, or the local agent
for the district in which the land is
situated, receive authority for some
one to make entry for him. A fee
of \$10.00 is charged for a homestead
entry.

HOMESTEAD DUTIES.—A settler
who has been granted an entry for a
homestead is required by the pro-
visions of the Dominion Lands Act
and the amendments thereto, to per-
form the conditions connected there-
with, under one of the following
plans:

(1) At least six months' residence
upon and cultivation of the land in
each year during the term of three
years.
(2) If the father (or mother, if the
father is deceased) of any person who
is eligible to make a homestead entry
under the provisions of this Act, re-
side upon a farm in the vicinity of
the land entered for by such person
as a homestead, the requirements of
this Act as to residence prior to ob-
taining patent, may be satisfied by
such person residing with the father
or mother.

(3) If a settler has obtained a pat-
ent for his homestead, or a certifi-
cate for the issue of such patent,
counter-signed in the manner pre-
scribed by this Act, and has obtained
entry for a second homestead, the
requirements of this Act as to resi-
dence prior to obtaining patent may
be satisfied by residence upon the
first homestead, if the second home-
stead is in the vicinity of the first
homestead.

(4) If the settler has his permanent
residence upon farming land owned
by him in the vicinity of his home-
stead, the requirements of this Act
as to residence may be satisfied by
residence upon said land.

The term "vicinity" used above is
meant to indicate the same township
or an adjoining or cornering town-
ship.

A settler who avails himself of the
provisions of Clauses 2, 3, or 4, must
or substitute 20 head of stock, with
buildings, etc., their accommodation,
cultivate 30 acres of his homestead,
and have besides 80 acres substan-
fenced.

The privilege of a second entry is
restricted by law to those settlers
only who completed the duties upon
their first homesteads to entitle
them to patent on or before the 2nd
June, 1889.

Every homesteader who fails to
comply with the requirements of the
homestead law is liable to have his
entry cancelled, and the land may be
again thrown open for entry.

Application for patent should be
made at the end of three years, be-
fore the local agent, sub-agent, or
Homestead Inspector. Before making
application for patent the settler
must give six months' notice in writ-
ing to the Commissioner of Dominion
Lands, at Ottawa, of his intention
to do so.

Information.—Newly arrived immi-
grants will receive at the Immi-
gration Office in Winnipeg, or at any
Dominion Lands Office, in Manitoba
or the Northwest Territories, infor-
mation as to the lands that are open
for entry, and from the officers in
charge, free of expense, advice and
assistance in securing land to suit them.
Full information respecting the land,
timber, coal and mineral laws, as well
as respecting Dominion Lands in the
Railway Belt in British Columbia,
may be obtained upon application to
the Secretary of the Department of
the Interior, Ottawa, the Commis-
sioner of Immigration, Winnipeg,
Manitoba, or to any of the Dominion
Lands Agents in Manitoba or the
Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior.
In addition to Free Grant
Lands to which the regulations above
stated refer, thousands of acres of
most desirable lands are available for
lease or purchase from railroad and
other corporations and private firms
in Western Canada.

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—Train on time.

—The city police have been instructed to rigidly enforce the pound by-law.

—Yesterday's splendid bright weather continues, and the roads are rapidly drying up.

—Work has commenced on the new brick malt house for the Edmonton Brewing and Malting Company.

—Strathcona Baptists are erecting a handsome red brick church, which would be a credit to a much larger town.

—Splendid progress is being made on the new municipal office building on Fraser avenue. The roof will be on the building in two weeks.

—Donations of all kinds will be received at the Edmonton Public Hospital on Saturday, October 1st, which will also be a general visiting day.

—Telephones have been installed at the Stoney Plain Agency and in Willey's store at Spruce Grove. They are connected with the Edmonton exchange.

—A few loads of this year's barley have been received at the Dowing mill. The grain was plump and of a splendid appearance, but appeared to have been cut somewhat green as it was slightly tough.

—J. B. Lubbock commenced work to-day on his new livery stable on Elizabeth street, facing the market. It will be a large structure. Dr. Eickering will build an office and stable adjoining the livery later.

—The merry-go-round on Namayo avenue continues to do a thriving business. Last year the merry-go-round that was operated in this city paid ten dollars a week to the city treasury—the present one is contributing ten dollars a day.

—A great deal of barley and some wheat has been stacked on the Stoney Plains. The recent spell of wet weather delayed the stacking, but the present weather is favorable again. All barley will be stacked on the Plain within the next few days.

—Okotoks Review. —The threshing season has opened. Jim Fisk's fall wheat being the first to be threshed. The grain has turned out well, and off his forty acre field fully 1,400 bushels has been threshed. The sample of grain is excellent and weighs heavy per bushel. measure. Mr. Fisk has been offered \$1.00 a bushel for all his wheat.

—Realty Gazette.—With wheat at \$2.00 a bushel which, according to a Chicago prediction, is likely to be the price for May delivery, we needn't care if we have only 50,000,000 bushels of wheat. That looks like \$100,000,000. Divide that between 50,000 farmers and then see how hard it will be to rub off the smile from their faces. It would stretch from Winnipeg to Edmonton.

—Large double sheet posters have been issued for the local "Confederate Spy" company. The drama will be presented in the Theatre Club on the evenings of the 4th and 5th of October. Arthur E. Hopkins has charge of all the arrangements and a most interesting entertainment is guaranteed the people of Edmonton. Illuminated tableaux have been arranged for by P. C. Kidston. Clarke's orchestra will be on hand.

—Okotoks Review, Sept. 15.—On Monday night a heavy frost occurred which nipped potato vines and all the late crops. In this district all grain was cut and in stock, so practically no harm resulted thereby. There is considerable green oats uncut, but in all cases they were for green fodder. Farmers who had not their oats cut before that date should be careful and not get their grain mixed. There is always considerable danger of people sowing frosted grain with the result they have an exceedingly poor crop.

—Messrs. Walsh and Carey, delegates from Seattle, located headquarters in township 58-range 2-west 5th meridian, north of the Pembina river on Monday for themselves and five others. There is quite an excitement amongst recent arrivals from the States about the country north of the Pembina. The country is partly timbered and some of it is removed from settlement on that account. But there seems to be plenty of good open land as well. Of course the settlers base their confidence in the locality on the assurance that it will be reached by the G.T.P. at an early date. It is too far put to attract settlement unless there was some such prospect.

—Repairs are being made to the Athabasca Landing trail on North-West Government account.

—The hill across the river leading to Strathcona is being graded by the Strathcona town council.

—Rev. Father Bolter, A.M.L. in charge of the Sacred Heart Mission and Indian school at Saddle Lake, is in town.

—Five Calgary men, freight car conductors on the C.P.R., have received notices that their services have been dispensed with.

—The fall rifle matches, a report of which appears in another column, are taking place at the Edmonton range to-day. To-morrow's proceedings will take place on the Strathcona range.

—Blaney and Halliday are moving their marble works from their recent stand on Jasper avenue west to McDougall street south opposite Petter and McDougall's, in the old stand of the Brandon Marble works.

—A harvest festival will be held in the Poplar Lake schoolhouse on Friday evening. It is said that a couple of loads of Edmonton people will be present. F. Oliver, M.P., will act as chairman, and a first class musical programme has been provided for. Good weather will make the entertainment an immense success.

PERSONALS

H. D. Johnston is holidaying in Southern Alberta.

A. York left this morning for Calgary.

A. M. Stewart took a business trip down the line this morning.

W. J. Richardson took a business trip down the line this morning.

W. J. Carter is expected to return to the city to-morrow evening.

Rev. G. C. d'Easum, of Fort Saskatchewan, left this morning for Calgary.

Dr. Stalker, of the First Presbyterian church, at Calumet, Michigan, who has been spending the past few days in the city, left this morning to continue his vacation trip through Western Canada.

LICENSE GRANTED

The Pendennis, the recently erected hotel on Jasper avenue east, has been granted a license to commence October 1st.

The hotel building has already received an extended notice in these columns. It is a neat three storey building, particularly well finished, and with the usual complement of bedrooms.

MORE POTATOES

D. H. Douglas brought to the Bulletin office to-day a sample of potatoes grown in the garden of Mrs. J. M. Haig, Second street. They are of the White Elephant variety. The three potatoes left here weigh six and a half pounds. One of the potatoes weighs two pounds eight ounces. Another example of the enormous growth in Northern Alberta for these potatoes, and besides being large are solid and well formed.
